

INFORMATION TO ALL GHANAISANS

The Government of Ghana through the Ghana Statistical Service and MOFA is conducting Ghana Census of Agriculture in all Communities in Ghana.

1. Please All MPs/MMDCEs/Hon. Assembly Members/Ghanaians are to inform their members their various jurisdictions through the Community Information Centres on the program.
2. The program captures information on All households and structures (houses/buildings) in Ghana
3. Each Structure will be given numbers using chalks
4. The program is to be undertaken in 80 days and has already started and Trained field staff are in the communities.
5. Specific information on Agricultural activities will be captured
6. Please Assembly members are to lend support to the field staff and help in addressing issues that the field team may encounter.
7. This program is STRICTLY NON-PARTISAN.
8. It is to gather Agric data to inform National Policy Interventions in the development of Agric.
